Amenazas Preeminentes

Los Obispos Católicos de los Estados Unidos se dirigieron a nosotros en su documento Ciudadanos Fieles (2015) sobre los preeminentes asuntos morales que enfrentamos en la sociedad hoy. Ellos explican, "En nuestra nación, el 'aborto y la eutanasia se han convertido en amenazas preeminentes a la dignidad humana porque atacan directamente la vida en sí misma, el bien humano fundamental y la condición para todos los otros bienes. (Viviendo el Evangelio de la Vida, no. 5). El tratar la destrucción de la inocente vida humana como un simple asunto de elección individual, es un error con graves consecuencias morales. Un sistema social que viola el derecho básico a la vida basándolo en la elección es fundamentalmente defectuoso." (n. 22)

Preeminent Threats

The United States Catholic Bishops wrote to us as follows in their document on Faithful Citizenship (2015) about the preeminent moral issues we face in society today. They explain, "In our nation, 'abortion and euthanasia have become preeminent threats to human dignity because they directly attack life itself, the most fundamental human good and the condition for all others' (*Living the Gospel of Life*, no. 5). It is a mistake with grave moral consequences to treat the destruction of innocent human life merely as a matter of individual choice. A legal system that violates the basic right to life on the grounds of choice is fundamentally flawed" (n.22)
